

DOWNLOAD ON SAFARI

1. Open Safari Browser
2. Go to <https://safari-extensions.apple.com>

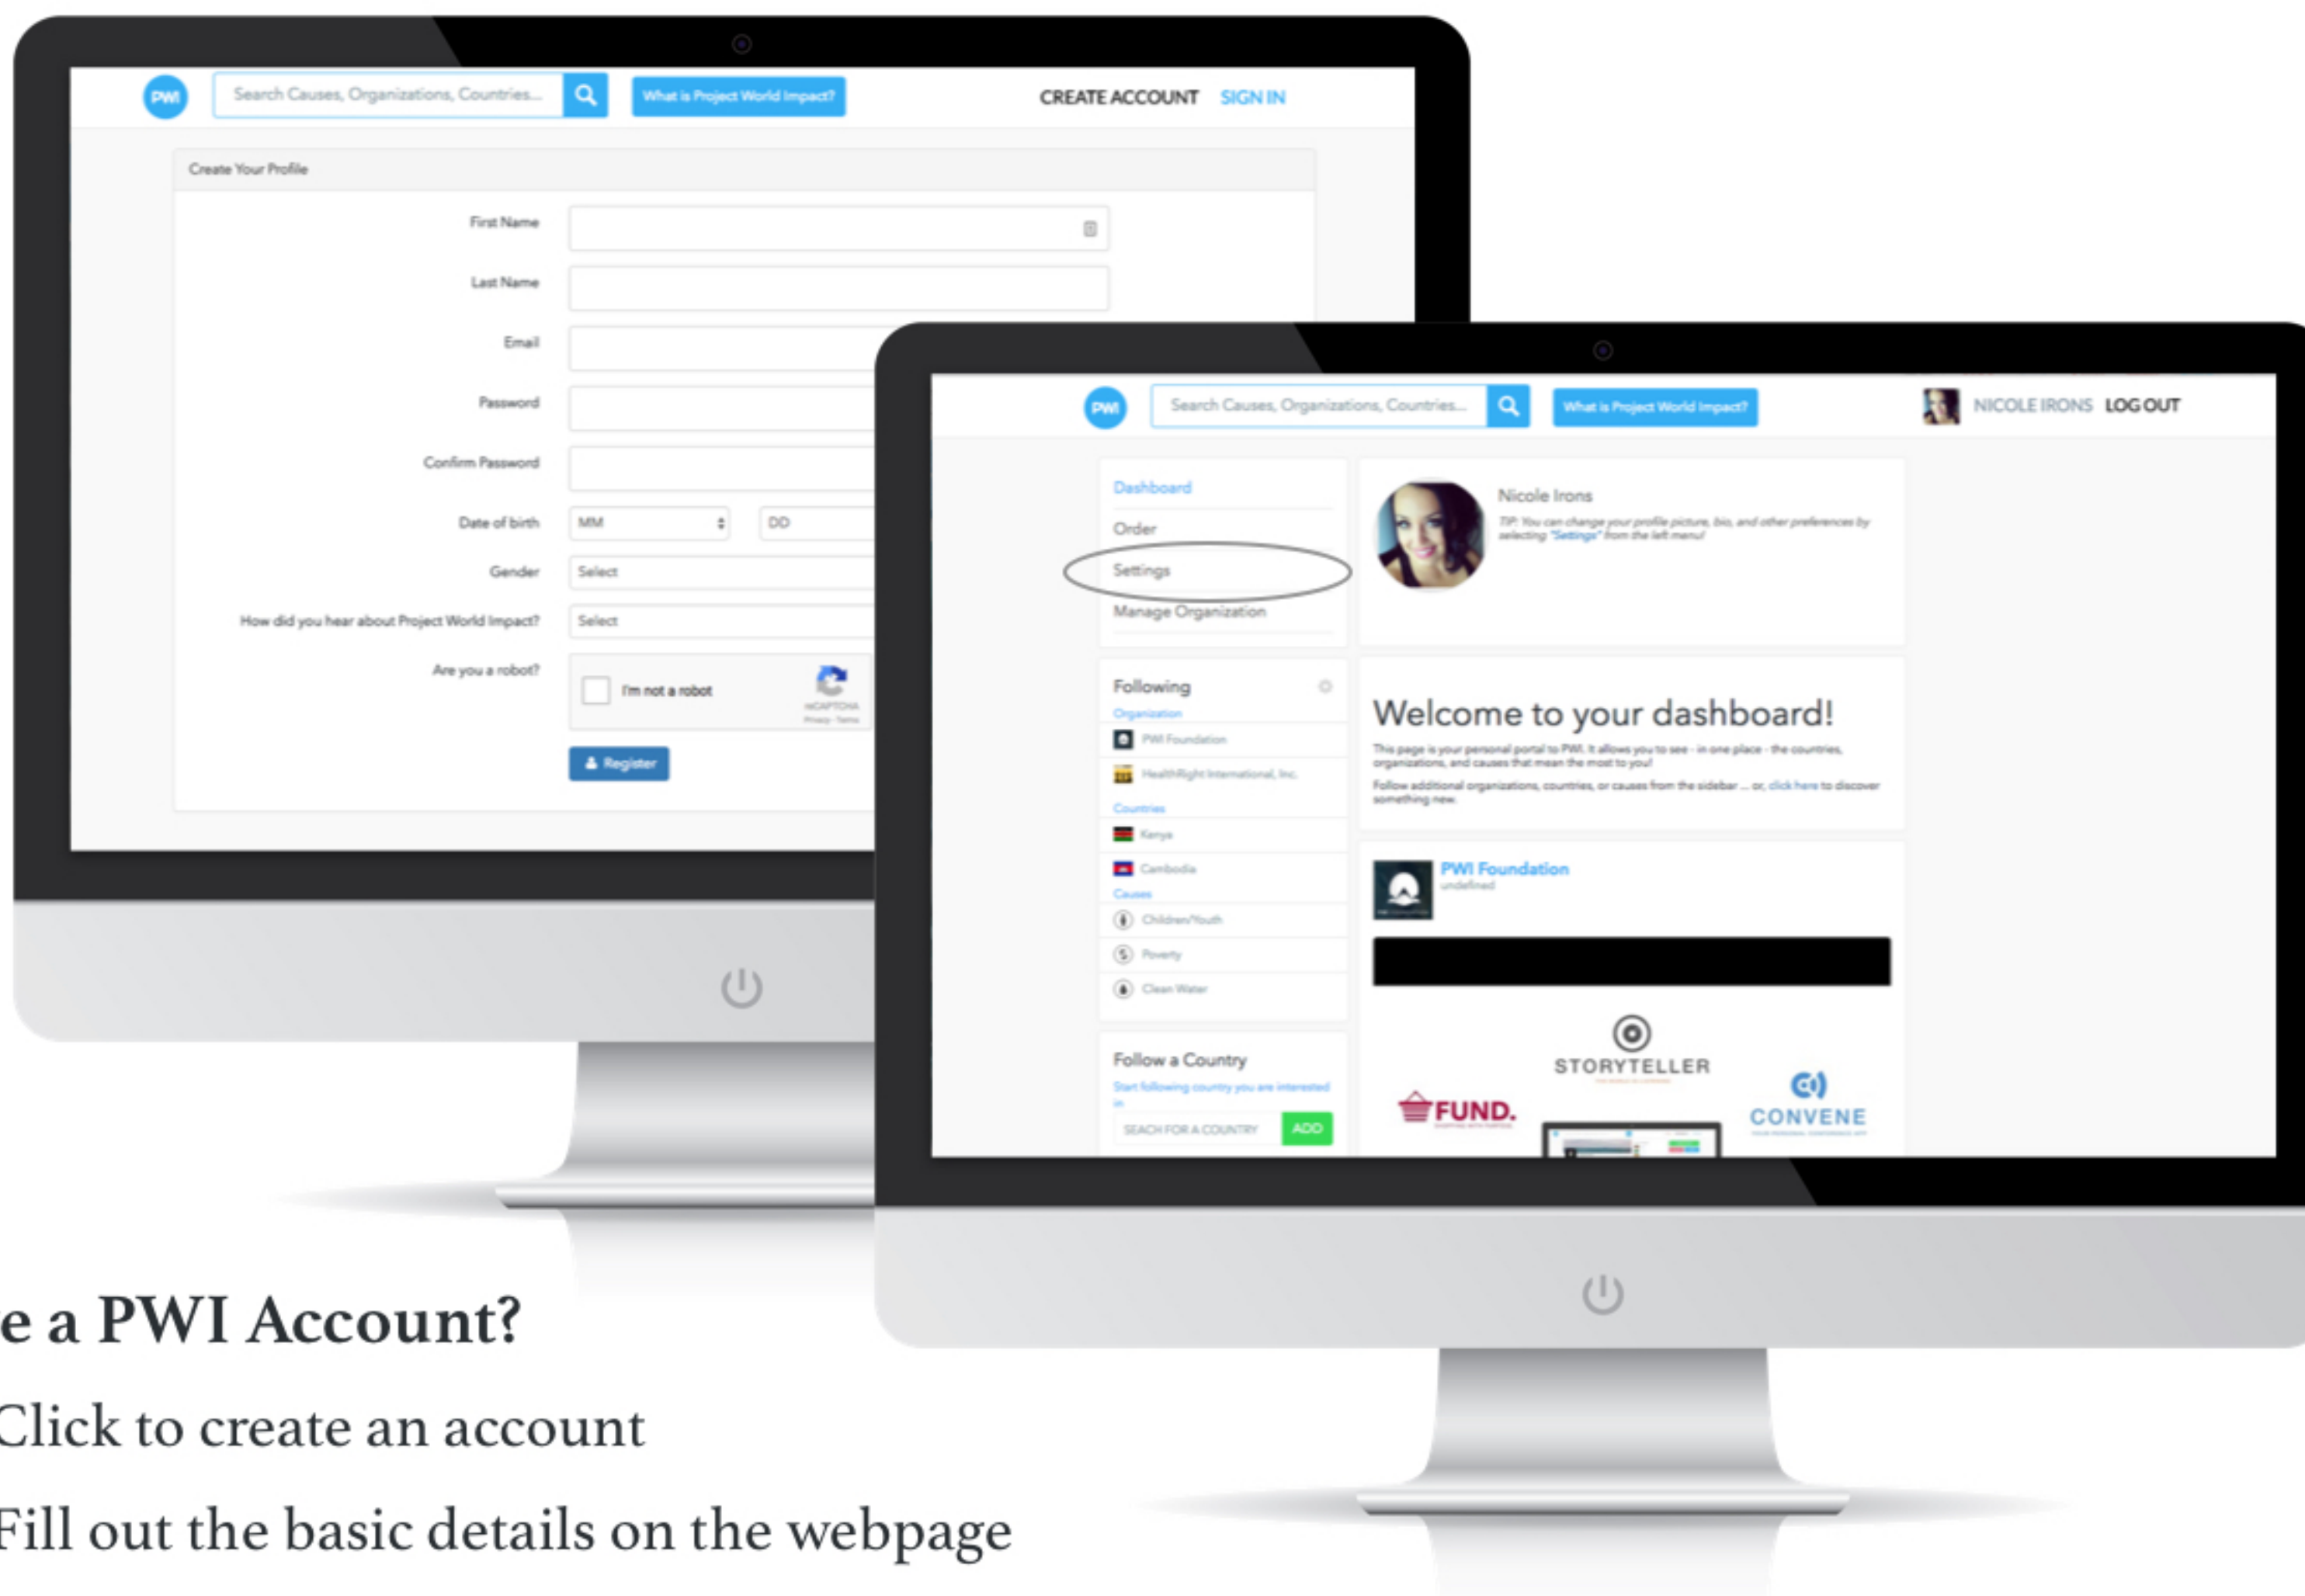

3. Search for PWI Fund
4. Click Install Now

[CLICK TO GO TO STORE](#)

5. Click “Install”
6. Confirm to add extension
7. Next, click on the PWI Fund logo in the top right of your browser
8. If you already have an account on ProjectWorldImpact.com, enter your username and password, or using the social authentication. If you are new to Project World Impact, create an account by logging in with social media, or click the “Create Account” link

## Don't have a PWI Account?

**STEP 1.** - Click to create an account

**STEP 2.** - Fill out the basic details on the webpage

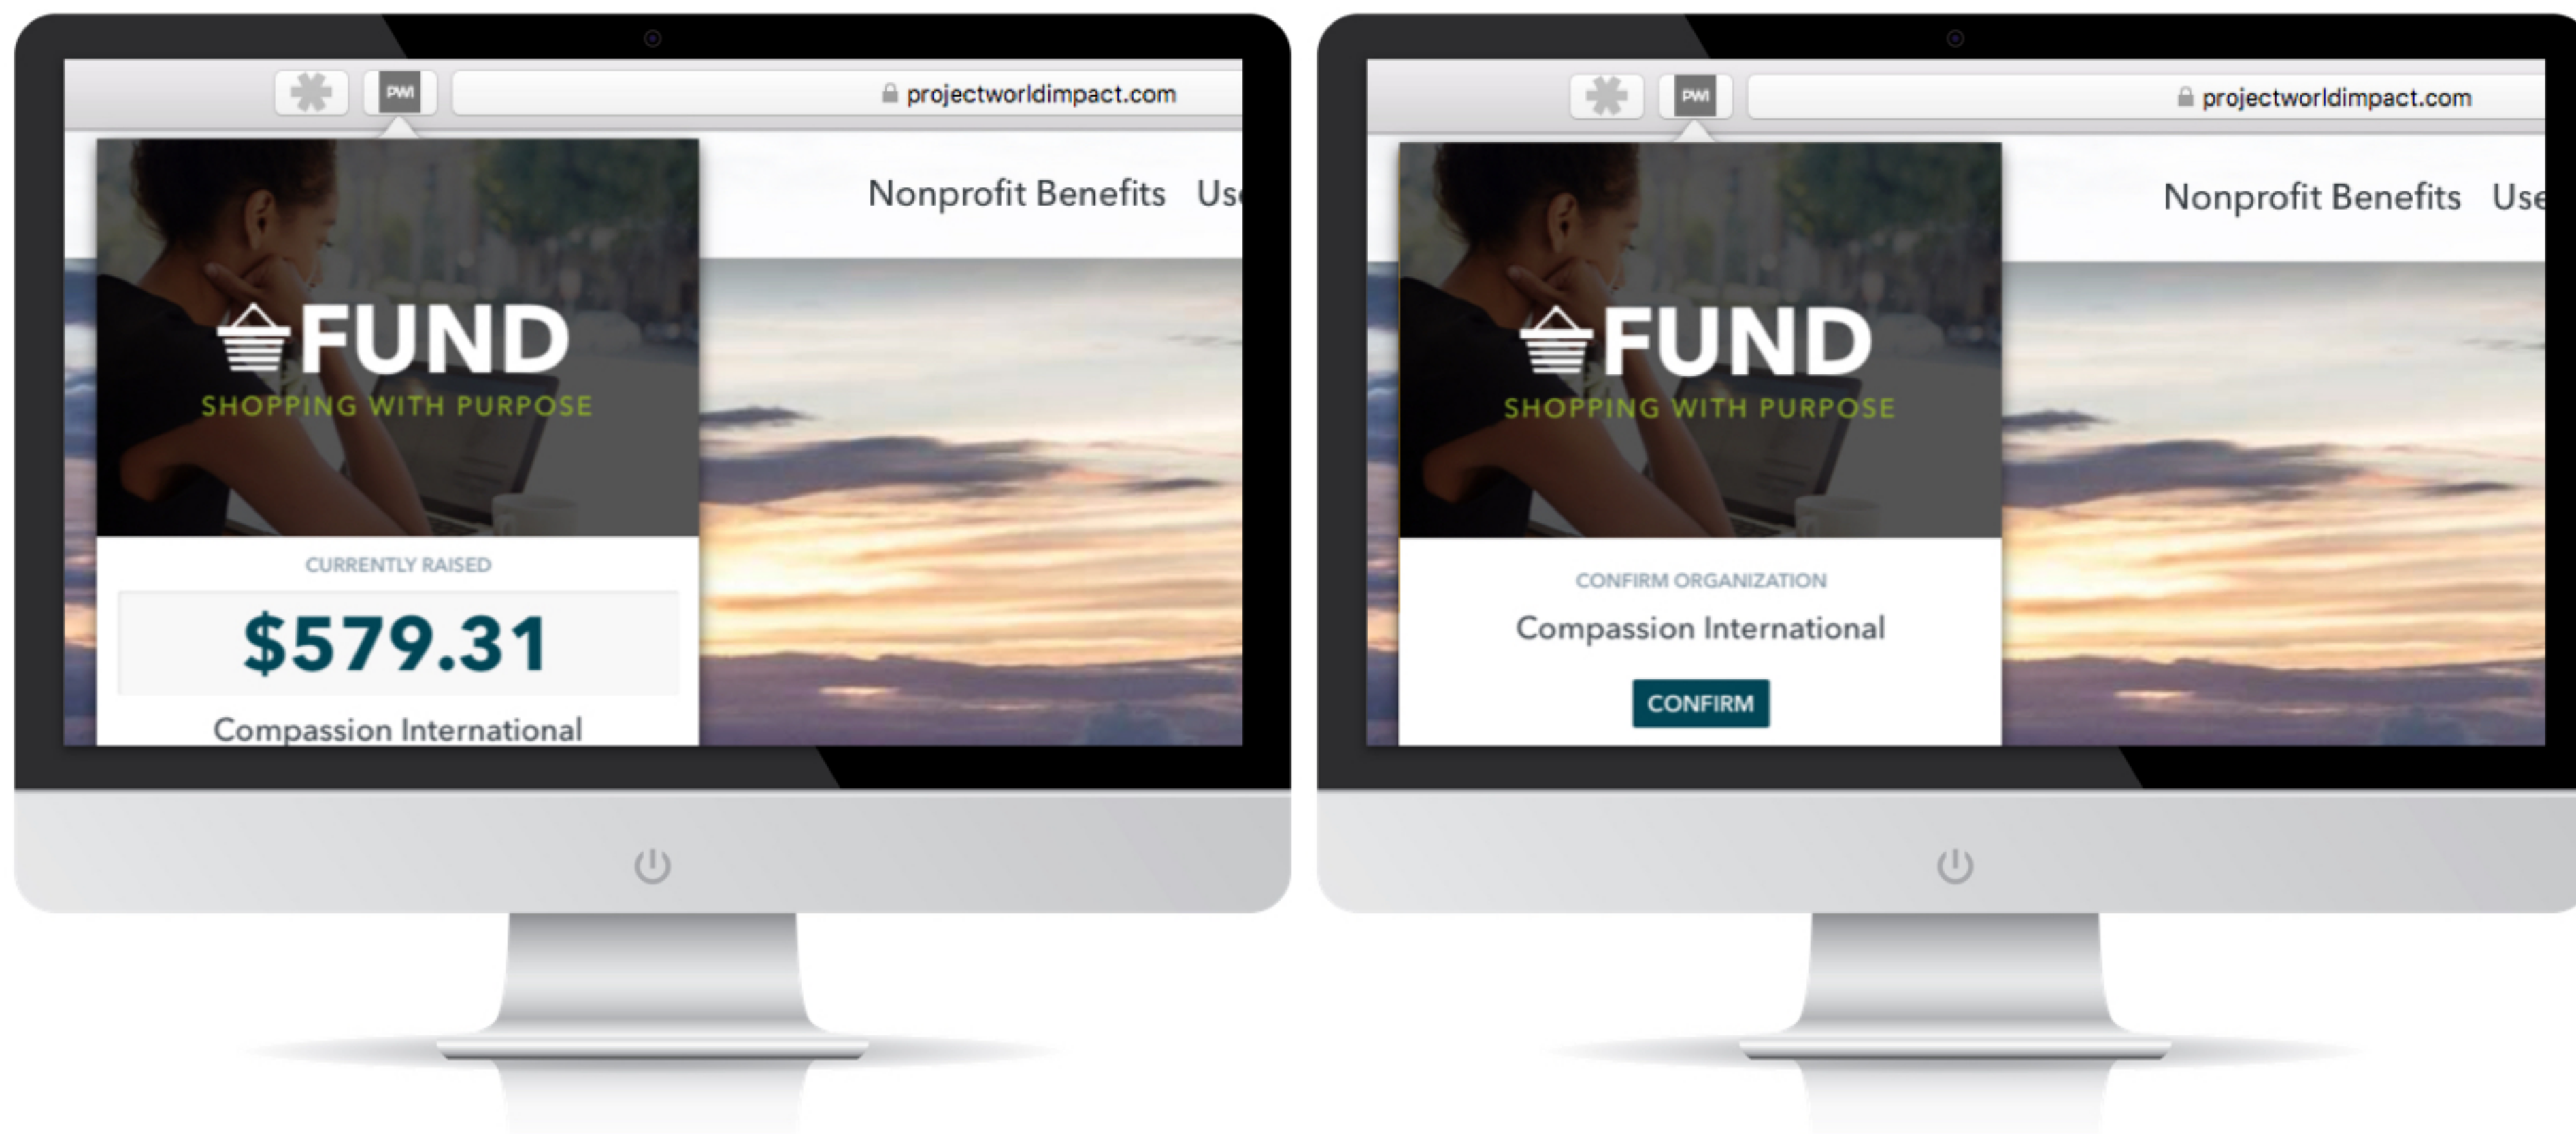

This registers you to the PWI network, gives you access to thousands of nonprofits and new tools, and allows you to manage your FUND account

**STEP 3.** - After you create an account, you will be automatically directed to the PWI user dashboard.

You can access your FUND set-up preferences via the FUND extension in your browser

*\*If you ever forget FUND username and password you can go to the PWI dashboard and view in settings.*

9. Choose the nonprofit you support by typing in the name of the nonprofit
10. After selecting the nonprofit, click “Save,” then “Confirm,” to change your settings

That's it! Now that you're set up, a percentage of all your purchases will go directly to the nonprofit you have selected!
